TO WHOM IT MAY CONCERN

This is to certify that **Md Arif Hossain** worked as a Research Student in the Department of Mathematics at Shahjalal University of Science and Technology (SUST), Sylhet-3114, from September 01, 2023, to May 29, 2024. He worked under the one-year Research Project PS/2023/1/19 titled "Implementations of the matrix methods for combinatorial aspects of posets and lattices," funded by the SUST Research Center. As a research student, Mr. Arif Hossain was primarily responsible for developing and implementing the enumeration algorithms into the computer to generate and organize the numerical data related to the research outcome. During his tenure, Mr. Arif Hossain demonstrated strong analytical skills, proficiency in various statistical software and programming languages (such as Python, R, and MATLAB), and an ability to generate and visualize the enumeration data effectively. He consistently worked with self-motivation, sincerity, and enthusiasm, and his overall performance was highly satisfactory.

Any cooperation extended to Md Arif Hossain will be highly appreciated. We wish him every success in life.

Dr. Mohammad Salah Uddin
(Principal Investigator of the Research Project PS/2023/1/19)
Associate Professor
Department of Mathematics
Shahjalal University of Science and Technology, Sylhet-3114
